KITCHEN

As the heart of the home, the kitchen is a perfect spot to showcase a signature lighting fixture. These pieces add warmth, character and personality – not to mention function – to this most important of spaces.

LINEAR LIGHTING

Ideal over islands or rectangular tables, linear fixtures cover a wide area of workspace with light to maximize its functionality. A larger island can use more than one in a row to cover the entire area, while a smaller one is served nicely by a single piece.

LINEAR MULTI-DROP

Our innovative multi-drop collection is a customizable line with more than 25 shade options and three linear canopy choices. With adjustable wires, these pieces allow designers to create their own unique fixture, customized perfectly to a space.

PENDANTS

Pendants are a classic choice over a kitchen island. Used in multiples or as a single statement piece, pendants truly never go out of style. Our extensive collection ranges in scale, material and style, so you are sure to find the right one for your kitchen design.

DINING

Whether it's the kitchen table or the formal dining room, these spaces also call for great lighting. Our signature range of designs transforms these important rooms, adding dimension and character.

BATH

Our bath collection is a wide-ranging assortment that includes wall and ceiling lights, sophisticated vanities, and mirrors perfect for powder rooms. Our deep assortment of wall sconces use key bath hardware finishes – antique brass, polished nickel and oil-rubbed bronze – to coordinate with most designs, and are all damp-rated.

Our vanity collection is based off of our best-selling case goods. Available in a range of sizes and configurations, each piece includes the countertop and sink already installed, and ships fully assembled.
